

PRESSURE TRANSDUCERS

DA

Melt pressure transducer with standardized output signal.

DAI

Melt pressure transducer with integrated amplifier.

DAIH

Melt pressure transducer for rough operating conditions.

DTA

Pressure transducer with standardized output signal and integrated temperature measurement.

DTAI

Pressure transmitter with integrated amplifier and integrated temperature measurement.

DAP

Melt pressure transducer with heated sensor tip.

DAIP

Pressure transmitter with integrated amplifier and heated sensor tip

DAIX

Explosion-proof pressure transmitter.
